

PCD

LAME CIRCOLARI IN DIAMANTE

Lame circolari e incisori in diamante policristallino con caratteristiche e geometrie in base al materiale da lavorare (truciolati impiallacciati, laminati, rivestiti in melamina, compensati, multistrati e pannelli), utilizzabili su sezionatrici e bordatrici.

DIAMOND CIRCULAR SAW BLADES

Polycrystalline diamond circular saw blades and scorings with features and geometries according to material to be worked (chipboards, veneered, laminated, melamine covered, plywood, multi-layers and panels), useful on sectioning and bordering machines.

DIAMETRO DIAMETER	SPESSORE THICKNESS	FORO HOLE	DENTI TEETH	CODICE CODE
80	2,8 – 3,6	20/22	10+10 double	PCD.
